

Tasks for Infants

The following tasks have been suggested by infant teachers as useful at K - 2 level (5-8 year olds) with the following provisos.

1. The tasks were originally designed for Grades 2 - 10 (8 - 15 year olds).
2. The reading requirements of the task card may mean strategies need to be employed to make the tasks accessible to younger students. Two such strategies are using parent helpers and arranging buddies with older children.
3. There is more information about using tasks in Years K - 2 in the Teachers' Handbook at: mathematicscentre.com/taskcentre/docs.htm#taskcentre.

Mathematics Task Centre

- | | |
|---------------------------|----------------------------|
| 2. Cars In A Garage | 93. Leading the Blind |
| 5. Make A Snake | 100. Mirror Patterns 1 |
| 9. Row Points | 102. Crazy Animals |
| 11. Lining Up | 110. Who Lives Where? |
| 12. Matching Cards | 113. Calendar |
| 13. The Frog Pond | 118. Ice Cream Flavours |
| 15. Domino Trails | 119. Police Line Up |
