

# 5 SQUARE REPORTING

## Paragraph 2: Process

What steps did I take to answer the question?

## Paragraph 3: Mathematician at Work

How did I work like a mathematician?  
What mathematical strategies did I use?

## Paragraph 1: Introduction

What is my challenge?  
What do I predict I might find?

## Paragraph 4: Results

What did I find out?  
How does it connect to my prediction?

## Paragraph 5: Review

How does this investigation connect  
to other maths I know? What new  
questions does it make me ask?
